

# Alliance Engineering Company

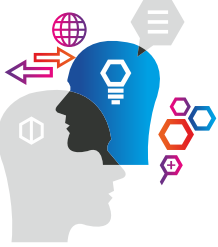

---

Leading Manufacturer and Supplier Of IBR, Non IBR Flanges in  
Stainless Steel, Carbon Steel and Alloy Steel

---

## About Us

Established in the year 1975, we, at Alliance Engineering Company, view ourselves as a vital link in the supply chain that sustains the huge global upswing in the manufacturing sector. We **manufacture and supply all types of Flanges** (forged as well as plate) & other machined components to customers around the world.

**We are an ISO9001: 2015 certified company.** Certification body : TUV SUD south asia - **Accreditation: DAKKS.** Our Products are approved under Indian Boiler Regulation Act, 1950 (IBR)

We work with a very clear focus **Complete Customer Satisfaction** and strive continuously not to simply respond to customer requirements but to anticipate them and prepare ourselves to be the **most preferred source** to fulfill those requirements.

We have uninterrupted business relations with our major clients for last 40+ years.

Our products have passed the most stringent quality standards & we are proud to have customers around the globe.

Approved under Indian Boiler Regulation Act, 1950 (IBR)

## OUR UNIQUE SELLING PROPOSITIONS (USP)

- Approved Under INDIAN BOILER REGULATION ACT, 1950 (IBR)
- AN ISO 9001 : 2015 Certified Co – DAKKS Accreditation
- Own FORGING Facility
- Cost Competitive
- Track Record of Timely Delivery
- Quality Conscious

## INFRASTRUCTURE

- We have our own state of the art machine shop with a proper mix of conventional & modern tool room.
- We have CNC - Turning Centers, VMCs & conventional Drilling & lathe Machines.
- We source all our forgings from our sister concern SSM forge situated in Pune.

## Our Products

### FLANGES

We manufacture various types of flanges as per international dimensional standards such as ASME, DIN, EN1092, BS, IS & JIS. We also manufacture flanges as per specific customer drawings.

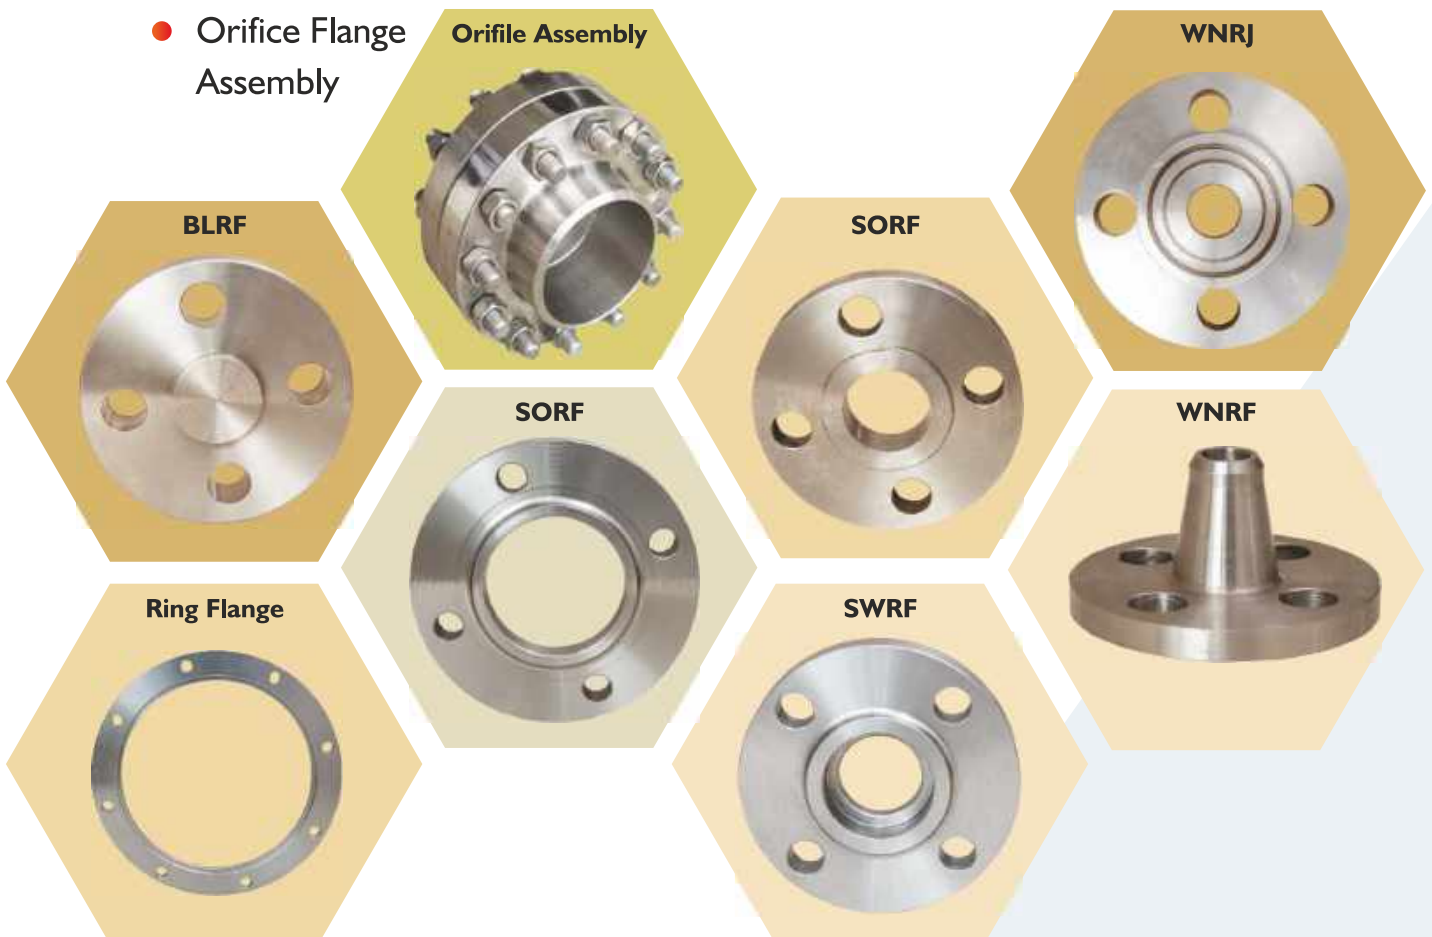

Flanges are manufactured in various materials such as SA105, SA182F11, F22, SA182F304, F316, SA516/70, and IS2062.

Dimensional Standard	Size Range	Rating
ASME / ANSI / B16.5	1/2" - 24"	CL150 - CL2500
ASME / ANSI / B16.36	1" - 24"	CL150 - CL2500
DIN / EN1092	10NB - 600NB	PN6 - PN250
BS10	1/2" - 24"	Table D,E,F,H,J,K,S
AWWA C207	1/2" - 24"	CLASS 2B, 2D

- Weld Neck Flanges - WNRF
- Slip on Flanges - SORF
- Lap Joint Flanges - LJFF
- Threaded Flanges
- Blind Flanges - BLRF
- Socket Weld Flanges - SWRF
- Orifice Flange Assembly

#### Other Machined Products

- Ring Joint Gaskets
- Forged Handel
- Hatch Rod
- Stop Lever

## OUR CLIENTELE

### Domestic & International

- FORBES MARSHALL LTD.
- THERMAX LIMITED
- KSB PUMPS LIMITED
- KIRLOSKAR EBARA PUMPS
- WAM INDIA –
- DEE DEVELOPMENT
- ...and many more

### FLANGE IS A VERY VERSATILE PRODUCT.

WE CATER OUR SERVICES TO THE FOLLOWING INDUSTRIAL APPLICATIONS viz.

- Boiler & pressure vessels applications
- Steam applications
- Pumps & Turbines
- Oil & Gas
- Fertilizers
- Dairies & distilleries
- Process flow equipments
- Material handling Equipments
- Power (Thermal & nuclear)
- General Engineering
